# ABOUT US

Ruvon Chemicals supplies a wide range of industrial and specialty chemicals with a strong focus on quality, reliability, and international compliance. We connect manufacturers with certified suppliers worldwide, ensuring stable sourcing, competitive pricing, and efficient supply chain solutions.

## Core Competencies

- ✔ Strong multi-sector product portfolio.
- ✔ Direct Export & Import Pricing
- ✔ logistics & global vendor network.
- ✔ COA Verified Quality (Lab Tested)
- ✔ End-to-end material management
- ✔ On-Time Delivery across India

We bridge the gap between global chemical manufacturers and your factory floor. At Ruvon International, we don't just supply chemicals; we solve supply chain challenges. Whether you are a small enterprise or a large industry, we ensure you get the best global prices with zero compromise on purity. Our focus is to supply reliable, high-grade chemicals that strengthen industrial performance

# Empowering Global Trade Through Trusted Chemical Sourcing & Distribution

At Ruvon International, we connect industries worldwide with the highest quality industrial and specialty chemicals through reliable sourcing, tailored logistics, and full documentation support. We simplify complex trade processes for businesses by offering transparent pricing, verified manufacturers, and compliance-driven solutions.

Our commitment lies in helping our clients grow faster and operate confidently in global markets, no matter the scale. We don't just move products — we move possibilities.

# WHAT WE DO?

We specialize in sourcing, Supply, and distributing essential chemical raw materials to manufacturers Worldwide and domestically in India, ensuring stable supply & standard. We manage end-to-end transportation, warehousing, and documentation for seamless, on-time deliveries.

Sourcing chemicals from India offers a competitive advantage, but it comes with challenges. Ruvon International acts as your specialized procurement arm in India, ensuring quality variance, price volatility, and regulatory hurdles are managed efficiently.

## Simple, Effective, and Affordable

In the chemical industry, consistency is not a luxury; it is a necessity. A variance of 0.1% in purity can alter the final product's performance. At Ruvon International, quality assurance is not just a final check; it is embedded in every step of our sourcing process. We act as the guardian of your product integrity. From auditing the manufacturing plant to inspecting the final container sealing, our technical team ensures that what you ordered is exactly what you receive.

# Move Possibilities

**Global & Domestic Delivery Available**

**Bulk & Container Shipments**

**DG Cargo Certified Handling**

Our mission is to bridge the gap between manufacturers and global buyers by offering tailored supply chain solutions, technical documentation (COA, MSDS, DG Declarations), and flexible Incoterms (FOB, CIF, EXW). Whether you need bulk shipments in ISO tanks, jumbo bags, or custom-labeled drums. We deliver with precision, professionalism, and reliability.

We ship worldwide with end-to-end logistics coordination from origin to destination port. Our operations cover major global markets. For regulated materials, we ensure safe transport with DG (Dangerous Goods) certified handling, proper labeling, UN-compliant packaging.

Before sourcing, we audit the manufacturer's facility for GMP compliance, production capacity, and raw material storage standards. We draw samples from the specific lot offered. These are tested in our partner NABL labs against the client's TDS. Supervision of stuffing to ensure no damage occurs during loading. We maintain a retained sample for 6 months.

# What We Ensure?

## Regulatory Compliance

We ensure DG/Non-DG declaration, REACH compliance, and port-specific documentation.

## Manufacturer Reliability

Only established and compliant producers with export background are partnered.

## Packaging Standards

UN-certified drums, HDPE bags, ISO tanks — all labeling and marking included as per chemical nature.

## Secure Global Delivery

We support CIF, FOB, EXW deliveries to over 25+ countries with marine insurance and DG-certified shipping.

At Ruvon International, we guarantee end-to-end assurance across every shipment. From regulatory compliance with DG/Non-DG declarations and REACH standards to precise port-specific documentation, we ensure every detail is in order. Our packaging meets international safety norms using UN-certified drums, HDPE bags, and ISO tanks. We source only from reliable, export-ready manufacturers with proven quality records. With CIF, FOB, and EXW delivery options,
